OFFICE OF PETITIONS

In re Application of :
Robert H. Kraus, et al. :
Application No. 09/995,302 :
Filed: November 27, 2001 :
Attorney Docket No. S-97,799 :

**DECISION GRANTING PETITION
UNDER 37 CFR 1.137(b)**

This is a decision on the petition filed June 2, 2003, under 37 CFR 1.137(f) which is being treated under the unintentional provisions of 37 CFR 1.137(b), to revive the instant nonprovisional application.

The petition is **GRANTED**.

Petitioner states that the instant non-provisional application is the subject of an application filed in a foreign country on October 23, 2002. However, the U. S. Patent and Trademark Office was unintentionally not notified of this filing within 45 days subsequent to the filing of the subject application in a foreign country.

In view of the above, this application became abandoned pursuant to 35 U.S.C. § 122(b)(2)(B)(iii) and 37 CFR 1.213(c) for failure to timely notify the Office of the filing of an application in a foreign country, or under a multilateral international agreement, that requires publication of applications 18 months after filing.

A petition must be accompanied by:

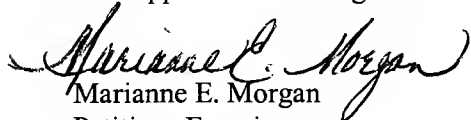

- (1) the reply which is met by notification of such filing in a foreign country or under a multinational treaty;
- (2) the petition fee as set forth in 37 CFR 1.17(m); and
- (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional.

The failure to timely notify the Office of a foreign or international filing within 45 days after the date of filing of such foreign or international application as provided by 35 USC 122(b)(2)(B)(iii) and 37 CFR 1.213(c) is accepted as having been unintentionally delayed.

The previous Request and Certification under 35 USC 122(b)(2)(B)(i) has been rescinded. A Notice Regarding Rescission of Nonpublication Request which sets forth the projected publication date of October 2, 2003 accompanies this decision on petition.

Telephone inquiries concerning this decision should be directed to the undersigned at (703) 306-3475.

This application is being forwarded to Technology Center Art Unit 1643 for examination in due course.
